Grant acknowledgement

Your grant agreement states that you must acknowledge your grant from the National Lottery. To make it easier for you to acknowledge your grant, we will provide you with some materials free of charge.

Our logo and acknowledgement materials are available in two colours – pink and blue. You can use which one best suits you. Or you can use both. Please indicate your colour preference or we will allocate items on the basis of what we have in our warehouse. Occasionally we run out of your requested colour, in these instances we will send you another colour alternative. Projects in Wales will be supplied with bilingual English/Welsh items. You can see what the items look like on our website, where we have posted some photographs.

These items all feature our beneficiary logo only. Due to the large number of projects we fund we cannot produce individual items for projects. However, if you feel that none of these items are of any use, please contact the branding team at branding@biglotteryfund.org.uk and we will try to help you.

Limits

Due to the number of projects we award grants to we must limit the amount of items we can send out free of charge. These limits are shown on the order form opposite. However, if you require more contact the branding team at **branding@biglotteryfund.org.uk** telling us why you need extra and we will try to accommodate you.

Stickers

The stickers are designed for equipment purchased by the Big Lottery Fund, as the stickers are permanent they could damage paintwork, skin and clothing on removal. They are not suitable for children.
